Work programme 2016-2017**

Principal Scientific Officer, European Commission, DG Research & Innovation, HEALTH

15.00 – Presentation

Introduction on the ITECH Project: a European collective work on the “idea to market” process in the Health technologies area in Europe

Professor Régis BEUSCART, ITECH Coordinator

CIC-IT network, INSERM France

15.10 – Presentation

Concrete propositions of ITECH project to promote industrial success and deployment of innovations: e-Health Taxonomy

Professor Niilo SARANUMMI

Research professor in health technology at VTT Technical Research Centre of Finland

15.25 – Presentation

Concrete propositions of ITECH project to promote industrial success and deployment of innovations: Education

Professor Nicos MAGLAVERAS

*Director of the Laboratory of Computing and Medical Informatics
Aristotle University of Thessaloniki*

15.40 – Presentation

Concrete propositions of ITECH project to promote industrial success and deployment of innovations: Clinical trials

Professor Régis BEUSCART and Doctor Lionel PAZART

CIC-IT network, INSERM France

15.55 – Presentation

Concrete propositions of ITECH project to promote industrial success and deployment of innovations: Adoption Space

Professor Norman BLACK

*Professor in Medical Informatics
Computer Science Research Institute*

16.15: pause (networking and video interviews)

16.40: Discussion

2016 – 2017: how could we speed up the spreading of health innovations to the citizens' benefits?

**Discussion in the presence and with the participation of:
ITECH partners**

and industrials involved in the field of Health Technologies :

ALICANTE

BIOTRONIK

BOSTON SCIENTIFIC

CAPSULE TECHNOLOGIES / QUALCOMM LIFE

DELL

INTEL

PHILIPS MEDICAL SYSTEMS

SORIN

17.45: Closure Speeches

18.00 – 19.00: Closure cocktail (networking, video interviews and press meetings)
